

Home Treatment Products for Specialized Skincare Needs

AGERA® offers a wide range of advanced products for client use at home, including treatments for acne-prone, dry/mature, and hyperpigmented skin.

AGERA® ADVANCED EYE LIFT

Contains unique silicone elastomers that mask wrinkles and key ingredients to relax the delicate area around the eyes, reducing the appearance of wrinkles

AGERA® AEROBIC INFUSION CREAM

Creates a conditioning boost of oxygen for the skin and provides excellent conditioning and antibacterial properties; stimulates blood flow by hydrating with oxygen

AGERA® COLLAGEN REGENERATION COMPLEX

Contains Prolifersyn®, a bioactive Lipopeptide that mimics cytokines, designed to stimulate collagen and elastin production, hydrate, and plump dry/mature/dehydrated skin

AGERA® DAILY ACNE SHIELD SYSTEM (POWDER & ACTIVATOR)

A powerful, 2-part system that effectively reduces acne pimples and accompanying redness; provides a unique combination of anti-inflammatories and counterirritants

Home Treatment Products for Specialized Skincare Needs

AGERA® offers a wide range of advanced products for client use at home, including treatments for acne-prone, dry/mature, and hyperpigmented skin.

AGERA® KOJIC PLUS 2% LIGHTENING CREAM

Produces fast, uniform lightening with excellent hyperpigmentation suppression prior to and following treatments (contains 2% Hydroquinone)

AGERA® LYSOZYMAL ANTIBACTERIA GEL

Contains Lysozyme/Lipo peptide Complex for antibacterial and antimicrobial properties; seals in moisture and protects skin from harmful elements (also formulated to work with AGERA® Aerobic Infusion Cream)

AGERA® MICRODERMA CRYSTAL C SYSTEM (MASK & ACTIVATOR)

A luxury combination of Vitamin C crystals and an activating gel that gently buffs away old skin leaving the skin smooth and radiant; contains antioxidants and helps collagen production

AGERA® LIGHTENING CREAM

Produces gradual, uniform lightening with low cytotoxicity; may be used over extended time periods, even years
